

In The Middle Of Me

Intro: E A D-D A/C#-A/C# E A D-D

I need a little more sunshine in the middle of rain

Need a little more joy in the middle of pain

Need a little more color in the middle of this plain jane

I've looked as deep as I can see

And I think I need a little more You in the middle of me

E A D-D A/C#-A/C# E A D-D

I need a little more patience in the middle of stress

I need a little more beauty in the middle of this mess

Need a little more substance in the middle of this emptiness

I've looked as deep as I can see

And I think I need a little more You in the middle of me
